

About MP3

Minnie Pause & the Hot Flashes (aka MP3), exists because God pulled four unsuspecting, ordinary women together to serve Him in a way we would have never dreamed.

The Reviews are In!

"The play was lovely, you all sing like angels, and we really enjoyed the afternoon." [Ruth B.](#)

"What a time was had by ALL who attended! I was still hearing about it last night at the concluding services ... ! You will never know how you blessed everyone, even though many told you. The feedback I received was phenomenal. The women expressed that they often have speakers who bless them, and programs which inspire, but yours was inspirational and FUN!" [Madeline N.](#)

"MP3 touches us where we are. As they jest about the changes women deal with at middle age, they remind us of the music of our youth. All this is done in a way that has you gasping for breath as you either are laughing or singing along. They demonstrate that, this too is just a season, and God can inspire joy and laughter in the midst of a Power Surge! (Hot Flash). God is honored and you are truly entertained." [Marilyn B.](#)

"We also had such a great time with you ladies -- what a ministry you guys have going!" [Patti S.](#)

"I haven't laughed so hard in a LONG time. It was awesome. They are simply hilarious and it was so refreshing and such a joy to be there tonight!" [Melissa B.](#)

Joy 4 Life's
Journey!

Minnie

When Minnie is not playing the "voice of wisdom" on stage, you can find her in front of her cooktop trying to modify or create a new recipe. She also fills her days with teaching private voice and piano lessons. Marcy Talley and her husband, John, share a passion for international travel which has included several music mission trips overseas. Their two daughters and son-in-law also share their talents in singing as they serve the Lord. One of Marcy's greatest joys is to hear her husband and children "sing unto the Lord a new song".

Joy

When not playing the twenty-something, obnoxiously perky Joy, Peggy Skaggs is actually the mother to a twenty-something year-old son, Mike! Peggy sang with her husband, Jeff, for many years until Peggy -- during surgery for thyroid cancer -- suffered permanent nerve damage that literally left her "speechless". God's miraculous healing has brought about a return to singing. Peggy finds joy each day as a personal trainer encouraging others to discover fitness. Life DOES begin after 40!

Edie

When Edie is not on stage, Bette Puffer relishes her roles as wife to handsome Willis, mom to three very fun college/high school students and vocationally as an Executive Recruiter. After graduating from The University of Texas, Bette and Willis met while performing with the A.D. Players, a Christian theatre company. Her desire is to provide encouragement and laughter to weary souls. "A cheerful heart is good medicine." Proverbs 17:22a

Cheri

In the big yella wig, she is "Cheri," the irritable, middle-aged dumb blonde. But off stage, Cheryl Morrison is a fun seeking, ardent lover of life. She has been married to Leonard, her biggest fan, since 1988 and is a high school assistant principal in Katy ISD. Throughout her walk with the Lord, she has served on worship teams, taught the Bible to kids of all ages, and loved on women while serving on women's ministry teams. Cheryl loves to hug, so don't let her stage character scare you.
